Please do not send any additional material with the tested device, such as wall brackets or connection plugs. Should these materials additionally if you send it, no guarantee can be given that you will receive it again. The same applies to what they use Packaging material such as original boxes or straps. If you don't have anything to pack because of this, we will be happy to help you professionally Send packaging material. If there is no response within 60 days of receipt of the laboratory report, the device will be disposed of for a fee of €66.00^ or there are storage costs per day (€22.00). There will be no return of the removed parts; they will be returned directly during the inspection/repair disposed of. "Inverter inspection/repair: process" is confirmed with a signature. The review is not an expert opinion. Collections on site are not possible, only the devices will be sent/returned for a fee and the devices will be disposed of for a fee. There is no list of the individual components/work when the repair or other work is carried out. Revocation of the review is after Signature not possible.

## Power Inverter Repair:

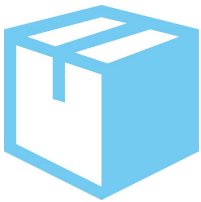

### **Complete order form:**

You will receive an order form by e-mail. Please fill this and add a form to each inverter.

Alternatively, you can use the form below:

Download [www.wechselrichter-reparaturen.net](http://www.wechselrichter-reparaturen.net) .

### **Send inverter:**

Send your inverter by parcel service to the address indicated on the order form. Alternatively, you can instruct us to have your inverter picked up. Please contact us separately for this.

### **Checking fee:**

You will receive an invoice via e-mail for checking the inverter. For each device we charge 225.00 \* EUR net (in advance). If you have the inverter repaired or acquire a new device of our house brands, the flat rate will be charged at 100%. If a repair is not possible, we can Offer replacement devices at reasonable prices.

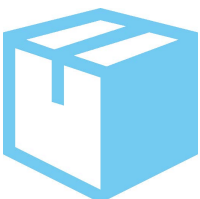

### **Quotation / damage report:**

After the inverter has been checked, you will receive a damage report and a cost estimate by e-mail.

### **Repair:**

If you have given us a repair order, your device will be repaired. If no repair is required or economically unprofitable, our team will advise you on a new device or replacement device!

### **Return shipment:**

The inverter will be shipped to you after the repair.

\* For Siemens, RefuSol, Mastervolt and AEI inverters the checking Fee is 255,00 EUR net. Central inverters, solar energy storage or hybrid inverters and Mastervolt inverters are only calculated on the basis of time required.
